ATTENTION VOTERS.

An Act to Provide for the Registration of Voters in Christian County.

CHAPTER 783.

An act to provide for the registration of voters in the county of Christian.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1.

That the county judge of Christian county, the clerk of the Christian county court, and the sheriff of said county, shall constitute a board, which shall between the first and thirtieth of April of each year, appoint four sober and discreet citizens in each voting precinct of the said county to act as judges, clerk, and sheriff of registration in the precincts for which they are appointed. No person shall be eligible as judge, clerk, or sheriff, who is not a voter in the precinct for which he is appointed and a house-keeper. And where there are two political parties, said officers of registration shall be so selected, that one of the judges at each precinct shall be of one political party and the other shall be of the opposing political party; they shall serve for one year from the time of their appointment; and each officer of registration, before entering upon the discharge of his duties, shall take the oath prescribed by section one, article eight of the constitution.

SECTION 2.

The sheriff of Christian county shall at least ten days before the general registration, in each year as provided for in this act, give each officer of registration written notice of his appointment. Should the court, sheriff, and clerk fail to appoint, or should all the officers appointed fail to attend at the place of registration for one hour after the time of commencing the registration, or refuse to act, the sheriff, judge, or clerk, or either of them that can be found, of the county, shall appoint officers to act in their stead for that registration, but should one or two officers be in attendance he or they may fill vacancies for the purpose of conducting that registration, and may administer the necessary oaths of office.

SECTION 3.

Officers of registration shall have the same power to preserve order at the places of registration, as is exercised by officers of election at the polls. If the officers of registration entertain any doubt as to whether or not any person offering for registration is entitled to such register, or if any one's right to register is challenged, citizens may be called in, not exceeding three in number, who shall be examined touching the qualifications of such person or persons who offer to register.

FORMS.

SECTION 4.

It shall be the duty of the county clerk of Christian county to prepare the proper forms and cause to be printed two registration books for each precinct in the county of Christian, one of which shall be kept in his office to be used as provided in section six of this act, and the other

furnished to the clerks of registration or election before each registration or election day, as hereinafter provided.

Said books shall be so arranged as that the names of voters may be registered alphabetically and shall be arranged as follows:

NAME.

AGE.

RELIGION.

EDUCATION.

PROFESSION.

INDUSTRY.

PROPERTY.

GENERAL REGISTRATION.

SECTION 5.

The officers of registration shall attend at the voting places of their respective precincts on the first and second Saturdays in June, and the Friday immediately preceding each first and second Saturday in June of each year, from 7 o'clock in the morning to 6 o'clock in the evening, and shall record in the registration books which shall be furnished by the clerk of the county court to each registration clerk, a list of such qualified voters of the precinct as may apply for registration. Said list of voters shall be in alphabetical order, and shall show the name of the person, the street on which he lives, if an incorporated town, and whether he be white or colored, and if the houses be numbered, the number thereof shall appear on the registration book, and if not numbered, the house, lodging tenement or farm-house, shall be described in the registration book as accurately as practicable, giving the streets and between streets. Each person thus registered shall be furnished by the officers of registration with a certificate of registration, which shall be in the following form:

This is to certify that

has this day been duly registered as a legal voter in this the

voting precinct of Christian county.

This the day of

Signed: Clerk.

No person shall be registered who does not appear personally before the judges of registration, and if he be not personally known to one of the officers, or any by-stander shall demand it, he shall be sworn by one of the officers, and interrogated by him or by such by-stander, touching his qualifications as provided in this act. Opposite the name of each person so sworn the clerk shall write the word "sworn," which entry shall be prima facie evidence of such swearing in any prosecution under this act. Said registration in June shall be known as the general registration; and any person then registered may vote at all elections until the next general registration, in accordance with the regulations hereinafter provided, unless he become disqualified after registering.

QUALIFICATIONS.

SECTION 6.

Every person shall be entitled to register who would be entitled to vote at the next succeeding August election; that is to say every male citizen who on that day shall have attained the age of twenty-one years, and shall have resided in the State two years, in the county one year, and in the precinct in which he offers to register sixty days. No person shall be registered who does not personally appear before the officers of registration and if he be not personally known to one of the officers, or if any

by-stander shall demand it, he shall be sworn by one of the officers and interrogated by him, or by such by-stander touching his qualifications as provided in this section. Opposite to the name of each person so sworn the clerk shall write the word "sworn," which entry shall be prima facie evidence of such swearing in any prosecution under this act.

ALFESS.

SECTION 7.

Any alien possessing all the qualifications of a voter, named in section six of this act, except citizenship, shall be entitled to be registered, but the clerk shall write opposite to his name, in the column headed "remarks," the words "not naturalized," and such alien shall not be entitled to vote at any election held under that registration, unless he shall produce to the officers of the election his naturalization papers in due form of law.

MODE OF REGISTERING.

SECTION 8.

In making the registration the clerk shall act as the recording officer, and the judges shall decide all questions relating to the qualifications of persons offering to be registered except that in case of a difference of opinion between the judges, the clerk shall have the casting vote. It shall be the duty of the clerk to number consecutively the names recorded under each letter of the alphabet as they are taken down, and at the close of the registration he shall sign his name as clerk after the last name recorded under letter as aforesaid, in such manner as that no more names can be recorded above his, and shall foot up and certify in the back of the registration book the whole number of names recorded at that registration; and this certificate shall be signed by all the officers of registration, before leaving the place of registration, and in the presence of by-standers, any two of whom may, if they desire, sign their names as witnesses thereto. In addition to the requirements above, the clerk shall sign his name as such clerk at the foot of each page.

RETURN AND CUSTODY OF BOOKS.

SECTION 9.

On the day following the close of the registration, the clerk shall deliver the registration book into the hands of the clerk of the county court of Christian county or one of his deputies, and take his receipt therefor. It shall be the duty of said clerk to keep the said books safely in his office, and not to suffer the same to be taken therefrom, except as provided in this act. He shall also cause to be made one copy of each registration book in blank book retained by him as provided in section four of this act, which shall be kept in his office, and not taken therefrom for any purpose. In case of loss of any registration book, a copy shall be made by the clerk from the copy retained in his office; which copy shall be used in registrations and elections with the same effect as the original. The clerk shall permit any citizen at any time to copy any registration book without fee or charge, and he shall also furnish copies at the same rate as provided in section twenty-four of this act, for copying the book kept in his office. Copies furnished citizens under this section shall be paid for in cash by the person ordering them.

SPECIAL REGISTRATION.

SECTION 10.

On the Friday and Saturday next after the first Monday in October, 1890, and on the same days in every second year thereafter, there shall be a registration of those persons whose names were not registered

at the previous June registration, and who but for this act would be entitled to vote for electors for President and Vice-President, or for members of Congress at the ensuing election on the first Tuesday in November of each year. Registration under this clause and which shall be known as special registration, shall be conducted in all respects and under all the provisions and requirements as are hereinbefore provided for the general registration of voters. And if at any time and for any special purpose an election shall be ordered by the county court of Christian county, the county judge may, if he shall deem the same advisable, order a special registration of all the voters of said county for the purpose of ascertaining who shall be entitled to vote in said special election, and the said special registration shall be in all respects similar and according to the provisions of this act in regard to general registration.

SECTION 11.

On the day prior to each registration provided for in the previous section, the county clerk shall deliver to the registration-clerks the registration books for their several precincts; and on the day of such registration the registration officers shall attend at their several places of registration, and shall register the names of all persons appearing before them who may be entitled to vote at the election for which the registration is held, and whose names are not already on the registry for that year. The names shall be recorded immediately following the names recorded at the previous registration, and the registration shall be conducted, and the books returned as provided in sections five, six, seven, eight and nine of this act. Immediately after the books are returned the county clerk shall cause the names recorded at that registration to be copied into the book retained in his office, as provided in section nine of this act.

REMOVALS.

SECTION 12.

Any person removing from one precinct to another after having been registered for that year, may apply to the clerk of registration of the precinct from which he removes, on a registration day, and have his name cancelled off by writing opposite to it the word "removed," and thereupon the clerk shall give to him a certificate in the following form:

This is to certify that

has removed from this the

precinct, Ward, to the

precinct, Ward, and that his registration has been cancelled. (Signed): Clerk.

Upon presenting this certificate to the officers of registration of the precinct to which he has removed, he shall be entitled to be there registered if he possesses the other qualifications named in section six of this act. And no person so removing after being registered, shall be registered in another precinct without the production of such certificate.

STRIKING OFF NAMES.

SECTION 13.

Any voter by giving five days notice, in writing, to any person whose name has been registered may move the Court to strike his name from the register and both parties may introduce witnesses, not exceeding two on each side. Said notice must be served personally. If at the hearing the Court shall be of the opinion that the

person registered is not lawfully entitled to register, it shall direct the clerk to strike his name from the register by inserting after it the words "Stricken off by the order of the Court," clerk. If the person upon whom notice is attempted to be served cannot be found the clerk shall write opposite such name on the registration book the word "doubtful" and when at an election such person whose name is marked "doubtful" shall offer to vote he shall be sworn and his right to vote investigated fully.

SECTION 14.

On the Saturday previous to the first Monday in August, 1890, and on the judicial day previous to every election to be held, or vote of the people to be taken thereafter, in the county of Christian, the clerk of the county court shall deliver to the clerks of election the registration books for their several precincts, together with the poll books, which said registration and poll books shall be produced by the said clerks at their several precincts, when the polls are opened on the day of election. At the said election no vote shall be received unless the person offering to vote is on the registry provided in this act, and if his vote be challenged by an officer of the election, or by a by-stander, unless he exhibit to the officers of the election the certificate of registration issued to him in accordance with the requirements of section twelve and thirteen of this act. Provided, however, that any person whose name is properly recorded on the registry provided by this act, and who has lost his certificate of registration, shall be allowed to vote after he shall have been sworn by one of the judges of the election and shall have stated under oath that he has lost said certificate of registration and that said certificate has not passed into the hands of another person with his knowledge or consent.

HOW ABSENTEES MAY REGISTER.

SECTION 15.

Any person entitled to register, who was necessarily absent from the county of Christian during the days allowed for registration under and by the provisions of this act, or who was ill during said time, or who was unable to attend the place of registration on account of the sickness of some named member of his family, may have his name placed upon the registry for the precinct of which he lives by attending the county clerk's office, at the time hereinafter specified, and making affidavit before the clerk showing the facts required to be stated in the registry by section five of this act, and showing the absence or sickness hereinbefore referred to.

SECTION 16.

On the last Monday in July in each year and on the Saturday preceding the Congressional election, the county clerk of Christian county shall receive in a bound book, to be kept by him for that purpose, the affidavits provided for in the preceding sections and shall place the names of persons making such affidavits upon the proper registration books, and shall write his name as clerk, and the date of the registry after the name of the person so registered in the column headed "remarks." For this he shall receive a fee of ten cents for each name registered by him under this act, to be paid as other expenses of registration are paid.

SECTION 17.

Any person making any false statement in any affidavit taken under this act shall be deemed guilty of false swearing, and punished by

confinement in the penitentiary not less than one nor more than five years. And any county clerk, or deputy thereof, who fraudulently registers the name of any person, knowing that such person is not entitled to be registered, or who registers a name at a time other than that provided in this act, shall on indictment be deemed guilty of a felony and punished by confinement in the penitentiary not less than one nor more than five years.

SECTION 18.

Any person in the county court clerk's office may challenge the right of any voter to register under this act and thereupon the county clerk shall examine each voter, and each witness who may be offered under oath, and shall hear and determine the question of his right to register. And the duties herein imposed upon the county clerk may be performed by his deputy and he or his deputy may administer oaths under this act.

FALSE REGISTRATION.

SECTION 19.

Any person who shall cause himself to be registered in more than one election precinct, otherwise than is provided in section twelve of this act, or more than once in the same precinct, or who shall cause himself to be registered knowing that he is not lawfully entitled to registration, and any person who shall aid and abet in the commission of any of said acts, shall be deemed guilty of a misdemeanor and shall be imprisoned in the county jail not less than one or more than twelve months.

FALSE REGISTRATION BOOKS.

SECTION 20.

Any officer of registration or other person who shall unlawfully alter any registration books, or add any name thereto, or who shall willfully suppress or destroy any such book, or who shall aid in making any false or fraudulent registration book, shall be deemed guilty of a felony, and shall be confined in the penitentiary not less than one nor more than five years, and forfeit any office he then holds and shall forever be disqualified from holding office.

PERJURY.

SECTION 21.

Any person who shall willfully make any false statement under oath lawfully administered under this act shall be deemed guilty of perjury and confined in the penitentiary not less than one nor more than five years.

OBSTRUCTING REGISTRATION.

SECTION 22.

If any person by himself, or in aid of others, shall forcibly break up, or attempt to break up, a registration held under this act, or shall forcibly prevent, or attempt to prevent, any person from approaching or entering a place of registration for the purpose of registering he shall be fined not less than \$100 nor more than \$500, or imprisoned in the county jail not less than six nor more than twelve months, or both.

SECTION 23.

No witness shall be excused from testifying before any grand jury or in any prosecution or indictment under this act on the ground that his testimony may criminate himself; but no such testimony shall be used against him in any prosecution except for perjury in the giving of the same.

FEES.

SECTION 24.

For his services under this act the county clerk shall be entitled to the following fees, and no other: For copying the registry list required to be kept in his office, or to be used in supplying lost books, the sum of two cents for each voter whose name is copied. For his services under

section thirteen of this act, the sum of twenty-five cents for the name of each voter stricken off the list. For receipting to the clerks of registration and election for registration books the sum of five cents for each book, receipted for. The sheriff shall receive for serving the notices provided for in section two the sum of sixty cents for each actual service. The county of Christian shall pay all fees and expenses incurred under this act of registration.

SECTION 25.

The Beauty Of Health.

How many women with regular features that might be beautiful, are not, and instead of awakening our admiration only arouse our pity. Their hollow eyes and sunken cheeks and hollow skin haunt our memory. Alas! an invalid wife or mother or sister fills the house with gloom and sadness, and an otherwise happy fireside is shadowed with a pall of regret. Blessed be the physician who has invented a remedy with power to strengthen the female organization, that regulates the delicate functions of feminine life, that relieves those bearing-down pains, that renews the appetite, that perfects digestion, that brightens the eye and beautifies the complexion with the glow of health. Such a remedy is Dr. Bull's Sarsaparilla. It is woman's best friend for counteracting the evils that afflict her sex. Thousands of ladies owe their beauty to a use of this incomparable alternative. Demand it of your druggist. Take no other.—Paris News.

FRIDAY, MAY 2, 1890.

The Congressional situation has not changed. It begins to look like Ellis will be given a walk-over. None of the would-be candidates have the temerity to tackle him.

After all Kemmerer was not elected. On the day after the election a New York lawyer appeared upon the scene with a writ of *habeas corpus* returnable June 16 and the execution was stopped. The case will now go into the Federal courts and Kemmerer may die of old age before the constitutionality of the new law is finally settled.

The ridiculous custom of printing bills of fare in foreign languages still prevails even in Kentucky. At a public banquet given to visitors from other States, at Lexington, Ky., the other day, only one article on the entire bill was set down in plain English language. The rest was a conglomeration of French, Spanish and other languages in no respect superior to our own. The English tongue is the prevailing language of this country and it ought to be good enough for any patriotic American citizen to be able to read it.

Representative Clark is still trying to tack on amendments to the Registration bill published in today's paper. What he particularly objects to is the certificate feature. It is not likely that any voter who is interested in the election will be so careless as to lose his certificate. The object of this clause is to positively identify doubtful characters and to keep floors from personating absent registered voters. It is hard to understand why there is such violent opposition to a measure that is designed only to secure fair and honest elections and deprives no legal voter of his right to vote.

There is more Catarrh in this section of the country than all other diseases put together and until the last few years it was supposed to be incurable. For a great many years doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly upon the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address, F. J. Andrew Campbell, the inventor of the "Campbell Press," so widely known throughout the United States, died of heart disease at his residence in Brooklyn, N. Y., a few days ago, aged 69 years.

W. P. Campbell, the fresh young correspondent at Frankfort, who claimed to have sent a challenge to fight a duel to Editor T. H. Davis, of Maysville, succeeded only in getting himself laughed at. The alleged challenge has never been received by Davis.

Judge McCarrall Answers.

EDITOR KENTUCKIAN—In answer to "Citizen" in your last issue, permit me to say, after first thanking him for the compliment contained in his inquiry, that in my humble judgment there exists no good reason in Kentucky, at this time, for making party issues in the election of a representative to the Constitutional Convention. So far as I know, this has never been done in this State. It certainly was not done in 1849, when the last Convention sat. Even in this county, which had, as I understand, four candidates, two were elected from opposite political parties, and in the State at large, which was Whig, a majority of Democrats were chosen, thus showing that the people took a higher view of the subject in hand, than to treat it in the light of a mere scramble for party supremacy, and elected their best men regardless of party affiliation. Such a convention is of the utmost possible importance to the people; and I have no patience with any man (or set of men) who would so far forget his duty to his State and his children who are to follow him as to assist in the election of an inferior or unfit delegate, simply to subvert a temporary party purpose. True it is that all bodies which have to do with the science of government are, technically, political bodies; but there is vast difference between a political body and a party or partisan convention. For instance, the party issues in the United States and therefore in Kentucky, relate to the tariff, the internal revenue, in a measure to the Civil Service and largely to the coinage of silver. Could any man fit to represent this country in the Constitutional Convention say that that Convention can deal with any of these issues? Certainly not. Therefore, let us elect our very best men. He is to assist in the formation of the fundamental law of the State, in which all of us are alike interested—a Constitution which is not to be presented to us as a party measure, or to be changed as the party complexion of the people may change, but which shall be for all our people of whatever party, and for generations to come. We want a man well versed in the theory and science of government; who will be able to see and properly present such changes in our present Constitution as will the better secure to our people the greatest economy in the administration of justice, the greatest security in the enjoyment of our rights, and which will therefore offer the greatest inducements to the citizen to love and support his government and to foster patriotism.

I have always been a Democrat, and expect to continue to be one. I give these views as a Democrat, with no personal bias in view, and not in the interest of any of the candidates for delegate, present or prospective, but simply as a courtesy due to a courteous "Citizen" who has honored me by calling for this public expression.

JOE MCCARRALL.

The medical fraternity, backed up by carefully compiled statistics, is almost a unit in declaring that a moderate use of stimulants conduces to long life. It is also admitted that old whiskey is by far the best stimulant that can be used. Leading physicians recommend the I. W. Harper Whiskey, because it is pure, possessed of a superior flavor and bouquet, and is a offered for sale until it is old and thoroughly matured.

Buckner Leavell, the druggist, desires us to publish the following testimonial, as he handles the remedy and believes it to be reliable:

I bought a 50 cent bottle of Chamberlain's Pain Balm and applied it to my limbs which have been afflicted with rheumatism at intervals for one year. At the time I bought the Pain Balm I was unable to walk. I can truthfully say that Pain Balm has completely cured me. R. H. FARR, Holywood, Kan.

Mr. A. B. Cox, the leading druggist at Holywood, vouches for the truth of the above statement.

Senator Hendrick has corroborated the published account of the alleged attempt of the lottery men to bribe him through "Uncle Joe" Read's negotiations. Mr. Read, who is door-keeper of the Senate, was allowed to make a defense on the floor of the Senate. He admitted the conversation detailed by Senator Hendrick, but declared that his motive had been misunderstood, and he shed copious tears in discussing the matter. Nothing is likely to come of it.

In almost every neighborhood throughout the west there are one or more persons whose lives have been saved by Chamberlain's Colic, Cholera and Diarrhoea Remedy, or have been cured of chronic diarrhoea by it. Such persons take especial pleasure in recommending the Remedy to others. The praise that follows its introduction and use makes it very popular. 25 and 50 cent bottles for sale by Buckner Leavell.
